### Student Comments for MCCARTHY, SISSEL WIVESTAD for Spring 2019

Course	Comments
MEDPL 20200 Sec: 01	This is a great class! The course is intense but I believe this work preps us for the real world!
	After taking Professor McCarthy's RW2 class I now know I am going to be a journalist in the future. This class pushed me, challenged me, and perhaps caused a few sleepless nights, but in the end I produced a portfolio of work that I'm proud of and will definitely send to future employers. I have the skills, I have the knowledge, and because of amazing guests and tours, I have some connections that will help propel me forward. Professor McCarthy always has great advice, is always responsive, and if you're passionate about journalism, she will help you in any way she can. Last year I actually did not take this class because I heard it was too difficult and I was scared it would decrease my interest in journalism. In fact it's exponentially increased! The workload is challenging but it definitely reflects the lives of journalists — but they're out there doing a story every day! Thank you Professor McCarthy!
	I'd rather not
MEDPL 20200 Sec: 02	Class is too pressuring on the projects being given. Please make it less harsh in the future.
	Thank you for 2 semesters of great learning! Although it was tough, it helped show me what it takes to be a successful journalist!
	It was one of the most difficult courses that I've taken so far at Hunter College, yet it was one of the most worthwhile courses. I learned so much about broadcast style journalism, and I think your class made me feel for the first time as if I'm an actual journalist.
	loved how she was always available for individual questions and provided amazing feedback!!!
MEDPL 38800 Sec: 01	I really enjoyed this class and I feel like I learned so much more than I have in other class about what I want to do with my career path.
	Being able to take Studio News Production (twice) was the best decision I've made in my college career. Before this class, I didn't know which direction of journalism I wanted to pursue but this course cleared up any uncertainty that I had. I'm forever grateful to Professor Sissel McCarthy for pushing me out of my comfort zone and helping me get to where I want to be as a student. This is definitely the class to take if you're looking to work in the broadcast television industry!
	This class was a ton of work and Sissel expects a lot out of her students, but it was work that I feel better prepared me for the journalism field. It was fun at times, and I did appreciate it, but I think I did learn that I would much rather be behind the camera/in post-production than in front of it.
	I had a wonderful time this semester in Sissel McCarthy's class. This was my second time taking the course. It wasn't required but I enjoyed the class so much and learned so much from my professor the first time that I wanted this class to end my college experience. As someone who plans to be a reporter in my career, I could not have imagined learning from anyone else other than Sissel McCarthy. She has prepared me beyond my expectations, and I will miss her so much.
	This class was an amazing experience. Professor McCarthy provide me with the opportunity to learn skills

that other colleges cannot provide and has set me up to be prepared for jobs in the future!
